3. Final Phase: Successful candidates finalize their enrollment by signing an agreement.
Join us and take the first step towards a promising career in the industry!

Join us and take the first step towards a promising career in the industry!

Following the initial screening, eligible candidates undergo a comprehensive eligibility and screening test. Those selected for our rigorous training program are required to pay a nominal fee. In return, CCentric covers their accommodation, meals, and social security needs.

Participants embark on a two-month practical industrial training program meticulously designed in collaboration with engineering experts to cater to diverse plant requirements and sectors.

Throughout the program, each student is assigned a dedicated mentor who guides them through the training process. At the conclusion of the training period, students undergo thorough assessment and evaluation. Those who successfully pass the assessment are seamlessly integrated into the automotive and engineering industries as valuable members of the workforce.

Upon completion, students are awarded certifications by the IGTR, Government of India, further validating their expertise and readiness for the industry. Join us and pave your path to success with CCentric Learning Edge.

Comfort and convenience at CCentric's hostel facilities, where we prioritize your well-being during your educational journey. Each room is equipped with essential amenities including:
